✎ MY JOURNEY

I have had many careers, but I could never stop thinking about programming and software development through them all. All my free time is spent learning and coding. I have decided to pursue a career in this field no matter how difficult it is. I will not give up, and will be ecstatic to finally be working in a entry level position. This is truly my passion!

🎨 SKILLS

HTML | **Javascript** *(React, Node Js, Vue, Jquery, Express, Cheerio)* | **CSS** *(Styled-Components)* | **PHP** | **Wordpress**

Bootstrap | **Heroku** | **Firebase** | **MySql** *(sqlite)* | **Git** | **Linux** | **C++** *(C)* | **Python** *((Entry Level))*

🧩 QUALIFICATIONS

- **Strong ability to create web pages from scratch using HTML, CSS, and Javascript.**
- **Repeated use of git version control to record and implement proper organization of branches for managing web content.**
- **Fundamentally developed team member and problem solver due to Marine Corps, and electrical industry experiences.**

📁 PROJECTS

UPC API Search App for Nutrition ⬈
The application accepts upc codes to search from an api of over 650k food products. The app displays total calorie and fat content of the products. Technologies include Node.js ,React.js ,Express.js ,CORS ,dotenv, body-parser, and axios. Separate backend and Client.

Top100 Runescape Scraper ⬈
Web scraper built with cheerio, and axios. Scrapes the top 100 items and Trade count totals for items, then writes them to a singular json file. I gained the skill of asynchronous functions and object/ array indexing for each item.

Breakfast-Picker ⬈
Simple React js list that shows food items using state, props, useEffect, and styled components for styling. The items each have a price that get totaled at the bottom of the form. This project showed me the importance of props, and to keep state at the highest level component.

🎓 EDUCATION

United States Marine Corps
Served as an infantry squad leader in my platoon of Marines. Involved high stress decision making , extensive mental training , critical thinking as well as planning to ensure the survival and care of my squad. Notable medals include National Defense Medal, Global War on Terrorism Medal, and Good Conduct Medal.

Winthrop University
Completed Winthrop University Data Structures and Algorithms course , Web development, Web design, and mathematics including Discrete Math.

Gaston College
Completed courses in information technology, and intro to programming with C++
